The date of transition to Ind AS is 1st April 2016.

OPERATIONS

During the year under review the performance of the Company has been satisfactory looking to the overall global scenario of the Industry. During the year, despite challenging environment; the company has registered a growth of 4.42%. The revenue from operations (net of excise duty) for the year has been ₹ 403.19 crores as against Rs. 386.14 crores and profit before finance cost and depreciation of ₹ 39.61 crores as against ₹ 39.46 crores of previous year.

During the year under review, no amount from the profit is transferred to General Reserve.

Keeping in view the need to conserve the Company's resources for meeting the enhanced working capital and further business requirement, your directors deemed it prudent not to recommend any dividend for the year.

Insulators Division

During the year under review, the division has achieved revenue from operations (net of excise duty) of ₹ 359.66 crores as against ₹ 342.31 crores and profit before finance cost & depreciation of ₹ 47.05 crores as against ₹ 47.72 crores of previous year.

Terry Towels Division

Revenue from operations (net of excise duty) of this division has been ₹ 43.53 crores as against ₹ 43.83 crores and loss before interest & depreciation has been ₹ 7.44 crores as against 8.26 crores of previous year. Lower profitability is mainly due to low capacity utilization because of shortage of working capital etc.

EXPORTS

The company is one of the major exporters of H.T. Porcelain Insulators from India. The Company has achieved export turnover of ₹ 92 crores during the year as compared to ₹ 101 crores in previous year. The export has been impacted mainly because of stiff competition from China and slowdown of global economy. However, during the year company has been able to sustain exports at satisfactory level because of good quality and timely delivery. In addition we also tapped & revived potential customers especially from Europe, USA, Turkey and Russia. Your company has concluded yearly contract with Siemens to cater their worldwide requirement for units in Germany, Brazil and Mexico. In order to increase exports, the company is developing products which can fetch higher prices and margins, entering new markets where investments in transmissions and distribution projects are on rise and seeking approval from various utilities to improve acceptance world wide. This would help the company to strengthen the ability to cater the diverse needs of global customers and strengthen its presence in all corners of global market. The company is also continuously focusing on economize the manufacturing by way of R&D activities, better process control and getting optimum utilization of its productive resources so that products of the insulator division remain competitive in terms of quality and price in the international market. These steps will help export turnover to increase substantially in future.

Your company is a regular supplier to all the major multinational OEMs for their world wide requirements of quality Porcelain Insulators.

ANALYSIS AND REVIEW

Your Company continues to be a leader in the manufacture of Extra High Voltage Insulators in the country. Despite stiff competition, buyers show interest in the company's product for its quality & timely delivery and hence your directors are confident of achieving better working results in the coming years. Your Company is having well equipped R & D laboratory recognized by Govt. of India, Ministry of Science & Technology which takes care of the stringent quality requirements of customers and ensures quality and reliability in each and every product manufactured. In-house R&D activities have a thrust on qualitative development to replace expensive input raw material & to bring consistency in quality of the products under manufacture. The future of the Insulator industry looks promising as insulator demand is expected to improve in medium term with Central Electrical authority targeting to upgrade the distribution lines and adding new substations. Railway electrification in the country is in full swing which shall further boost demand of railway insulators. We are putting our efforts to promote LRI to all potential SEBs and increase our share in domestic market.

Your company has established fully equipped SGI and Aluminium foundries to cater demand from various segments apart from fulfilling company's major captive requirement of SGI and aluminium castings in time. This will give further boost to the revenue of the Company in coming years.

Industry Overview

The power generation, transmission and distribution sector is the key growth driver for the Insulators industry. The Government of India is putting emphasis on power sector reforms to overcome impediments; it will however take some time before on-ground demand improvement is visible. Over the past few years, demand in domestic insulators market has been sluggish, primarily due to poor financial health of state utilities, which has impacted new projects and delay in the execution of on-going projects.

The Indian Textile Industry is one of the leading textile industries in the world. It is one of the key sectors of India's manufacturing segment as it contributes significantly to the economy in terms of employment generation and foreign exchange revenue. The industry is taking all steps to promote textile exports, which is the need of the hour. Costs are increasing due to rising input costs, including labour and power. Focus on new product development and value added products is continuing in this segment.

Opportunities & Challenges

Your Company is engaged in the manufacturing of High Quality Solid core post insulators for Disconnectors and sub-station requirements, Hollow insulators for Circuit Breakers, Lightning Arrestors and Instruments Transformers, CT, CVT & PT, Long rod Insulators for Overhead

Transmission Lines, Railway Insulators, line Post Insulators for Distribution Segment. Your Company makes sustainable efforts to provide varieties of Insulators to the whole world and in the process nurtures long-term relations with customers.

The market share of China in the international trade has been steadily increasing in recent years. Additionally, increased acceptance of alternate technologies has further impacted the domestic insulators industry.

The future for the Indian textile industry looks promising, buoyed by strong domestic consumption. India has the potential to double its market size in the long run as China is losing its competitive advantage in textiles mainly on account of increasing labour & power costs and focus on the domestic market with high value products. The shift from China to India is expected to happen in the long run, to make India a dependable source of supply for the World. However, there are several challenges ahead for the Textile industry for enhancing its competitive strength and global positioning in terms of inflexible labour laws, poor infrastructure, competition from low cost neighbouring countries which will have to be addressed to sustain the growth momentum of the industry.

Risks & Challenges

The current economic environment, in combination with significant growth ambitions of the Company, carries with it an evolving set of risks. Your Company recognizes that these risks need to be managed to protect customers, employees, shareholders and other stakeholders to achieve our business objectives. In line with this, your Company has put in place a detailed Risk Management Policy which identifies the various types of risks at all levels of the Company. Early risk identification along with appropriate measures has enabled the Company to mitigate all threats which may arise from time to time. Also, the possibility of occurrence of the risk event and the magnitude of their consequences on the organization is determined and used to prioritize risk management.

Outlook

Government initiatives are expected to catalyse demand improvement in near future. With Government's focus on 'Power for All' by 2019 the medium to long term fundamentals look encouraging. The company is alert and in touch with the ground realities of the changing business environment and is confident of increasing the Indian share in the world market.

As, market opportunities are shifting towards developing countries i.e. Asia, Africa & South America, the company is exploring these markets to enhance the export business.

The overall business outlook for the company is promising with improvement in overall economic environment. The company continues to examine the possibilities of expansion and shall make the necessary investments when attractive opportunities arise.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNING AND OUTGO ETC:

Information on Conservation of Energy, Technology absorption, Foreign Exchange earnings and outgo required to be disclosed under Section 134 of the Companies Act, 2013 read with Companies (Accounts) Rules, 2014 are provided hereunder:

(A) Conservation of Energy:

S. No.	Particulars	Remarks
(i)	The steps taken or impact on conservation of energy:	Being energy efficient has become the need of the hour. Having realized it long back & since then channelized all efforts to conserve and optimize use of energy with continuous monitoring through improved operational techniques. Some of the measures taken by the company in this direction are as under:
(ii)	The steps taken by the Company for utilizing alternate sources of energy:	
(iii)	The capital investment on energy conservation equipments:	
		i) Installation of VFD in pug electric drying has helped in less consumption of energy as well as cycle time reduction. ii) Installation of state of the art & energy efficient VFDs on agitators for power saving. This has added a new dimension in Rheological Quality control of the all important final slurry. iii) We have installed burner in drying of insulator to evaporate moisture comparatively in faster way to reduce cycle time. iv) There has been mass scale deployment of highly energy efficient LED lights & 20W tube lights in Plants, Offices & Streets v) Reduction in overall energy requirement of kiln cycles by optimizing excess air for combustion.

(B) Technology Absorption:

a) Efforts, in brief made towards technology absorption, adoption and innovation:

- I. We have converted our kiln liners with Ultra low thermal mass Pyroblocs modules. Apart from being highly energy efficient, these modules are, by design, easy for installation & replacements & resulted reduced down time of kiln operation. In consequence overall fuel efficiency has improved. It has helped in energy conservation and repairing work has been reduced.
- II. There has been a strong drive in further reducing fuel consumption by incorporating automation in Air / Fuel ratio control. Further work in this direction is in full swing.

- III. We have converted some of our manual shaping machine to CNC to have better green surface quality and improved productivity. It has helped us product finish, dimensional control and Dryer & Kiln recovery.
 - IV. Heavy core dia. Solid core & Critical Hollow insulators are being successfully handled using controlled electrical drying. This has consistently improved Dryer & Kiln recovery apart from delivering technically sound products.
 - V. Ball Mill productivity has been improved by single batch charging method to reduce grinding time, without affecting the final slurry properties.
 - VI. Low temperature maturing Bauxite body & corresponding glaze has been developed for a peak temperature of 1160 0C, with improved technical performance. This is milestone towards achieving fuel economy.
 - VII. There has been continuous focus to explore domestic source of china clays & ball clays as potential replacement for costly imported clays.
 - VIII. All the existing testing machines operations are computerized with efficient data storage & retrieval system. There has been development of beam load testing setup for testing of hollow insulators shell.
 - IX. Further developmental work on uses of cement grout for optimizing steam curing requirement.
 - X. In-house pebble and gravel preparation out of waste body.
 - XI. Utilization of higher percentage of fired glost pitcher in porcelain recipe for improvement of final quality of porcelain.
 - XII. Trial work is going on to develop new type of resistivity glaze for high pollution area for our grey glazed insulator.
- To explore hybrid body with Alumina as well as Bauxite to have less dependence of alumina without affecting product quality.

INDEPENDENT AUDITORS' REPORT

To the Members of **Modern Insulators Limited**

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Modern Insulators Limited ("the Company"), which comprise of the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of changes in equity for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Basis for Qualified Opinion

(a) Provision for taxation estimated at Rs. 475.71 Lacs (previous year Rs. NIL) has not been made in accounts in view of proposed amalgamation under the provisions of Companies Act, 2013. (Refer Note no. 34 (iv)).

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effect of the matters described in "Basis for Qualified Opinion" paragraph above, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the company as at 31st March 2018 and its profit (Including other comprehensive income), its cash flows and changes in equity for the year ended on that date.

Other Matters

The comparative financial information of the company for the year ended 31st March, 2017 and the transition date opening balance sheet as at 1st April, 2016 included in these Ind AS financial statements are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by the predecessor auditors whose report for the year ended 31st March, 2017 and 31st March, 2016 dated 29th May, 2017 and 25th June, 2016 expressed an unmodified and modified opinion respectively on those financial statements, as adjusted for the differences in the accounting principles adopted by the company and for compliance Ind AS, on transition to Ind AS, which have been audited by us.

Our opinion is not modified in respect of above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Companies Act, 2013 and on the basis of such checks of the books and records of the company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - iii. The Balance Sheet, Statement of Profit and Loss, Statement of cash flows and Statement of changes in equity dealt with by this Report are in agreement with the books of account.
 - iv. Except for the effects of the matter described in the Basis for Qualified Opinion paragraph, in our opinion, the Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - v. On the basis of written representations received from the directors as on 31st March, 2018 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018, from being appointed as a director in terms of section 164 (2) of the Act.
 - vi. With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating

effectiveness of such controls, refer to our report in Annexure B; and

vii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements (Refer note no. 40).
- The Company has made provision, as required under the applicable law or Ind AS for material foreseeable losses,

if any, on long term contracts including derivative contracts. (Refer note no 47).

- There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

- The company is maintaining proper records showing full particulars including quantitative details and situation of fixed assets except furniture & fixtures for which detailed records are not maintained.
 - According to the information and explanations given to us, most of the fixed assets have been physically verified during the year by the management in accordance with a phased programme of verification at reasonable intervals and no material discrepancies were noticed on such verification.
 - According to the information and explanations given to us, the title deeds of immovable properties are held in the name of the Company or its division.
- According to the information and explanations given to us, the inventories have been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable and no material discrepancies were noticed on physical verification during the year.
- The Company had granted interest free unsecured loan to a Company covered under section 189 of the Companies Act, 2013 in view of proposed amalgamation under the provisions of Companies Act, 2013. According to the information and explanations given to us, since the amount paid is in connection to proposed amalgamation, no terms have been specified for repayment of loan and interest. In view of likely advantage to the Company on such amalgamation, granting of such loan is not prejudicial to the interest of the Company (Refer Note No. 46).
 - The Company has also granted unsecured loan to another Company covered under section 189 of the Companies Act, 2013, which is payable on demand. We are informed that the Company has received the amount demanded from the party and thus there is no default during the year. Interest on such loan has been provided during the year. In our opinion, the terms and conditions of grant of such loan are not, prima facie, prejudicial to the interest of the Company. (Refer Note No. 11.1).
- According to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees and security.
- According to the information and explanations given to us, the Company has not accepted any deposits from the public during the year and therefore this clause is not applicable.
- We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the central government for the maintenance of cost records under section 148 (1) of the

Companies Act, 2013 for the products of the company and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We had not, however carried out detailed examination of the same to determine whether they are accurate and complete.

- According to the information and explanations given to us and based on our examination of the records, the company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other statutory dues applicable to it and no undisputed statutory dues as noted above is outstanding for a period of more than six months from the date it became payable.
 - According to the information and explanations given to us and based on our examination of the records, the particulars of dues of sales tax, value added tax, duty of excise and Service Tax etc., as applicable, as at 31st March 2018 which have not been deposited on account of dispute, are as follows:

Name of the Statute	Nature of dues	Amount (₹ in lacs)	Period to which the amount relates	Forum where the dispute is pending
Central Excise Act 1944	Excise Duty & Service Tax	117.85	Various years from 2005-06 to 2010-11	Central Excise and Service Tax Appellate Tribunal, Delhi
		91.63	2012-13 & 2016-17	Commissioner Central Excise (Appeals), Jaipur
		161.74	2004-05 to 2017-18	Departmental authorities at various places

- According to the information and explanations given to us and based on our examination of the records, the company has not defaulted in repayment of dues to bank during the year. The company does not have any dues to debenture holders and loans from financial institutions/government.
- The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) and term loans during the year and therefore this clause is not applicable.
- According to the information and explanations given to us and based on our examination of the records, we have neither come across any instance of material fraud by the Company or any

fraud on the company by the officers or employees noticed or reported during the year nor we have been informed of any such fraud by the Management.

- (xi) The managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- (xii) The company is not a Nidhi Company and therefore this clause is not applicable.
- (xiii) According to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details of such transactions have been disclosed in the Financial Statements as required by the applicable Indian Accounting Standards.

ANNEXURE B FORMING PART OF THE INDEPENDENT AUDITORS' REPORT

Referred to in the report of even date of the Auditors to members of Modern Insulators Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Modern Insulators Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the

Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of financial statements

CORPORATE INFORMATION

Modern Insulators Limited (the Company) is a public limited company incorporated in India under the provisions of the Companies Act, 1956 (the Act) having its registered office at Jaipur, Rajasthan, India. The Company is primarily engaged in the business of manufacturing insulators and terry towels.

Note No. 1 : SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

These financial statements are prepared and presented in all material aspects in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto notified under section 133 of the Companies Act, 2013 (to the extent applicable). These are Company's first Ind AS financial statements. The date of transition to Ind AS is 1st April, 2016. The company has availed first time adoption exemption as per Ind AS 101 'First Time Adoption of Indian Accounting Standards'.

Up to the year ended 31st March 2017, the company prepared its financial statements in accordance with previous Generally Accepted Accounting Principles (GAAP) in India, accounting standards notified under the Companies (Accounting Standards) Rules, 2006 specified under Section 133 of the Companies Act, 2013, the Companies Act, 2013 (to the extent notified and applicable) and applicable provisions of the Companies Act, 1956. The Company has followed the provisions of Ind AS 101 in preparing its opening Ind AS Balance Sheet as on the date of transition, viz. 1st April 2016. Some of the Company's Ind AS Accounting policies used in the opening Balance sheet were different from its previous GAAP policies applied as at 31st March 2016, accordingly the adjustments were made to restate the opening balance as per Ind AS. The resulting adjustments arose from events and transactions before the date of transition to Ind AS. Therefore, as required by Ind AS 101, those adjustments were recognized directly through retained earnings as at 1st April 2016. This is the effect of the general rule of the Ind AS 101 which is to apply Ind AS retrospectively. An Explanation of how the transition to Ind AS 101 has affected the reported financial position, financial performance and cash flows of the Company is provided in Note no. 48.

(b) Basis of preparation

- (i) The Financial Statements are prepared on accrual basis under the historical cost convention except certain financial assets and liabilities (including derivatives instruments) that are measured at fair value. The methods used to measure fair values are discussed in notes to financial statements.
- (ii) The preparation of financial statements requires judgments, estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized. Major estimates are discussed in Note No. 1A.

(c) Functional and presentation currency

These financial statements are presented in Indian Rupees, which is the functional currency of the company and the currency of the primary economic environment in which the Company operates.

(d) Classification of assets and liabilities into current and non-current

The Company has ascertained its operating cycle as twelve months for the purpose of Current and Non-Current classification of its Assets and Liabilities. Classification is done in accordance with Schedule III Division II of the Companies Act, 2014.

For the purpose of Balance Sheet, an asset is classified as current when:

- (i) It is expected to be realised or intended to be sold or consumed in the normal operating cycle;
- (ii) It is held primarily for the purpose of trading; or
- (iii) It is expected to be realised within twelve months after the reporting period; or
- (iv) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current when:

- (i) It is expected to be settled in the normal operating cycle; or
- (ii) It is held primarily for the purpose of trading; or
- (iii) It is due to be settled within twelve months after the reporting period; or
- (iv) The Company does not have an unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current assets/liabilities.

(e) Property, plant & equipment (PPE)

Property, plant and equipment (PPE) are stated at acquisition or construction cost less accumulated depreciation / amortisation and impairment loss. Cost comprises the purchase price and any directly attributable cost of bringing the asset to its location and working condition for its intended use, including relevant borrowing costs.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

The cost of an item of PPE is recognised as an asset if, and only if, it is probable that the economic benefits associated with the item will flow to the Company in future periods and the cost of the item can be measured reliably. Expenditure incurred after the PPE have been put into operations, such as repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred.

Items such as spare parts, standby equipments and servicing equipments are recognised as PPE when it is held for use in the production or supply of goods or services or for administrative purpose and are expected to be used for more than one year. Otherwise such items are classified as inventory.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the

assets. Any gain or loss arising on the disposal or retirement of an item of PPE, is determined as the difference between the net sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Subsequent expenditure incurred after the PPE have been put into operations is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

(f) Expenditure during construction period

Expenditure, net of income earned, during construction (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) period is included under capital work-in-progress and the same is allocated to the respective PPE on the completion of construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other Non Current Assets"

(g) Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment. Leasehold lands are amortised over the lease term unless it is reasonably certain that the Company will obtain ownership by the end of lease term.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company or the number of production or similar units expected to be obtained from the asset by the Company.

In case of certain classes of PPE, the Company uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking into consideration the nature of the PPE and the estimated usage of the asset on the basis of management's best estimation of obtaining economic benefits from those classes of assets.

Such classes of assets and their remaining useful life as well as life assessed based on technical advice are as under:

S. No.	Nature	Remaining useful life as on 31.03.2016	Life assessed based on technical advice as on 01.04.2016
1.	Leasehold Assets	Lease period	Lease period
2.	Factory Building	4-30 Years	4-30 Years
3.	Non- factory building	0-60 Years	4-60 Years
4.	Plant & Machinery	0-30 Years	1-30 Years
5.	Furniture & Fixtures	0-10 Years	2-10 Years
6.	Office equipments	0-5 Years	0-5 Years
7.	Vehicles	0-10 Years	2-10 Years

Depreciation on additions is provided on a pro-rata basis from the date of installation or acquisition and in case of Projects from the date of commencement of commercial production.

Depreciation on deductions/disposals is provided on a pro-rata basis up to the date of deduction/disposal.

(h) Intangible assets and amortization

Internally generated intangible assets

Expenditure incurred on development is capitalised if such expenditure leads to creation of any intangible asset, otherwise, such expenditure is charged to the Statement of Profit and Loss. PPE procured for research and development activities are capitalised.

Intangible assets acquired separately:

Intangible assets that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment, if any. The Company determines the amortisation period as the period over which the future economic benefits will flow to the Company after taking into account all relevant facts and circumstances. The estimated useful life and amortisation method are reviewed periodically, with the effect of any changes in estimate being accounted for on a prospective basis. An item of intangible asset is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of intangible asset, is determined as the difference between the net sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Class of intangible assets and their remaining useful life as well as life assessed based on technical advice are as under:

Nature	Remaining useful life as on 31.03.2016	Life assessed based on technical advice as on 01.04.2016
Computer Software	0-3 Years	1-3 Years

Intangible asset having definite life are amortised on systematic basis over their useful life. If life of any intangible asset is indefinite then it is not amortised but tested for impairment at the end of each reporting date.

(i) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction, development or erection of a qualifying asset are capitalized as part of the cost of such asset till such time the asset is ready for its intended use and borrowing cost are being incurred. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognized as an expense in the period in which they are incurred.

(j) Inventories

Inventories are valued at the lower of cost and net realisable value.

Raw material, stores and spare parts and packing materials are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. The cost is computed on weighted average basis.

Cost of finished goods and work-in-progress includes cost of conversion based on normal capacity and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Spare parts, other than those capitalised as PPE are carried as inventories.

The diminution in the value of obsolete, unserviceable and surplus stores & spares is ascertained after review and if found material, suitable provision is made.

(k) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks, cash in hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of change in value.

(l) Government grants

Government grants are recognized when there is reasonable assurance that the grant will be received and all associated conditions will be complied with. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income on a systematic basis over the expected useful life of the related asset.

Export incentives are recognized as income when the right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

(m) Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligations. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. These are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

(n) Foreign currency transactions and translations

Transactions in foreign currencies, other than the Company's functional currency are recognised at the exchange rates prevailing at the dates of the transactions. At the end of each reporting period, monetary assets and liabilities denominated in foreign currencies are translated at the rate prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences on monetary items are recognised in the statement of profit and loss in the period in which these arise.

(o) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the amount can be reliably measured regardless of when the payment is received.

(i) Sales are recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, which generally coincides with dispatch. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable including excise duty, net of returns and allowances, trade discounts and volume rebates.

(ii) Income from services is recognized (net of service tax / GST as applicable) based on the services rendered in accordance with the terms of contracts.

(iii) For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument to the gross carrying amount of the financial asset.

(iv) Interest income for all financial instruments measured at fair value through other comprehensive income is recognised in the statement of profit and loss.

(v) Dividend income is accounted for when the right to receive the income is established.

(p) Employee Benefits

Short term employee benefits

Short-term employee benefit obligations are recognized as an expense on accrual basis.

Defined contribution plans

Defined contribution plans are those plans in which an entity pays fixed contribution into separate entities and will have no legal or constructive obligation to pay further amounts. Provident fund and employee state insurance are defined contribution plans in which company pays a fixed contribution and will have no further obligation.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

Company pays Gratuity as per provisions of the Payment of Gratuity Act, 1972. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefits that employees have earned in return for their services in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the

prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a liability to the company, the present value of liability is recognized as provision for employee benefit. Any actuarial gains or losses are recognized in Other Comprehensive Income in the period in which they arise.

Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long term employee benefits.

The Company's net obligation in respect of leave encashment is the amount of future benefits that employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognized in profit and loss in the period in which they arise.

(q) Income taxes

Income Tax expenses comprise current tax and deferred tax charge or credit.

Current Tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws.

Deferred tax is provided, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset, if there is a legally enforceable right to offset current tax liabilities and assets and they relate to income taxes levied by the same tax authority.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent it is no longer probable.

Income tax expenses relating to items recognised directly in equity or OCI is recognised in equity or OCI and not in the Statement Profit and Loss.

(r) Leases

Leases are classified as finance leases, when the terms of the lease, transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as Operating Leases.

Operating Lease: Lease rentals are charged or recognised in the statement of profit and loss on a straight-line basis over the lease term.

Finance Lease: Assets held under finance leases are recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease obligation. Finance charges are charged to the Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's policy on borrowing costs.

(s) Impairment of non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

(t) Segment reporting

Identification of Segments

Operating Segments are identified based on monitoring of operating results by the Board of Directors separately for the purpose of making decision about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss of the Company.

Operating Segments are identified based on the nature of products and services, the different risks and returns and the internal business reporting system.

Segment Policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

(u) Material prior period errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest prior period presented, the opening balances of assets, liabilities and equity for the earliest prior period presented, are restated.

(v) Earnings Per Share (EPS)

The basic EPS is computed by dividing the profit after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted EPS, profit after tax for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(w) Fair value measurement

The company measures financial instruments, such as investments and derivatives at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation technique that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Fair values are categorized into different levels in the hierarchy as under:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(x) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments.

i) Initial Recognition: Financial assets and Financial liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other

than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

ii) Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

At amortised cost:

A financial asset shall be classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, such financial assets are subsequently measured at amortised cost using expected interest rate (EIR) method. In case of financial assets at amortised costs, interest income, foreign exchange gain or loss and impairment are recognized in Statement of profit and loss.

At fair value through OCI:

A financial asset shall be classified and measured at fair value through OCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Where the Company has elected to present the fair value gain on equity instruments in other comprehensive income, there is no subsequent classification of fair value gain or losses to profit and loss account. Dividend from such instruments is recognized in profit and loss account as other income where right to receive is established.

At fair value through Profit or Loss:

A financial asset shall be classified and measured at fair value through profit or loss other than those measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of financial assets:

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. In case of trade receivables,

the Company follows the simplified approach permitted by Ind AS 109 - Financial Instruments for recognition of impairment loss allowance. The Company recognises a loss allowance for expected credit losses on financial asset. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time credit expected losses. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

Derecognition of financial assets:

The Company derecognises a financial asset when the contractual rights to receive the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises associated liabilities.

On derecognition of a financial asset, other than investments classified as FVOCI, in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

iii) Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

Derecognition of Financial Liabilities:

The Company derecognises a financial liability when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such exchange or modification is treated as derecognition of the original liability and the recognition of a new financial liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

The difference between the carrying amount of financial liability derecognized and consideration paid and payable is recognized in the statement of profit and loss.

On derecognition of equity investments classified as FVOCI, accumulated gains or loss recognised in OCI is transferred to retained earnings.

(y) Financial liabilities and equity instruments

• **Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

• **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received.

(z) Derivative financial instruments

The Company enters into derivative financial instruments viz. foreign exchange forward contracts to manage foreign exchange risks. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in statement of profit and loss immediately.

Note no. 1A. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates made in preparing Financial Statements:

(a) Useful life of Property, plant and equipment and intangible assets

The Company uses its technical expertise along with historical and industry trends for determining the economic life of an asset/component of an asset. The useful lives are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortized depreciable amount is charged over the remaining useful life of the assets.

(b) Post-employment benefit plans

Employees benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

(c) Provisions and contingencies

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events requires best judgment by the management regarding the probability of exposure to potential loss. If circumstances change following unforeseeable developments, this likelihood could alter.

PARTICULARS	First Year	Second Year	Third to fifth year 2016	More than 5 Years
Gratuity	206.66	55.34	236.56	1067.90

d) Risk exposure

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

- Salary Increase- Actual salary increase will increase the plan's liability. Increase in salary increase rate assumption in future valuations which also increase the liability.

Other notes on financial statements

- Investment Risk – If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- Discount Rate : Reduction in discount rate in subsequent valuations can increase the plan's liability.
- Mortality & disability – Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact liability.

iv) Long term employee benefit

Leave encashment

The company has a policy to pay leave encashment. Every employee is entitled to claim leave encashment after his/her retirement/termination which is calculated based upon no. of leaves earned. Note No. 42 : Capital Management

For the purpose of Company's Capital Management, capital includes issued equity share capital and other equity reserves attributable to equity holders. The primary objective of Company's Capital Management is to maximize shareholder's wealth. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of financial covenants.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholder. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investors, creditors and market confidence. The management and the Board of Directors monitors the return on capital. The Company may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

Note No. 43 : Financial Risk Management

The Company's Financial Risk Management is an integral part of how to plan and execute its business strategies. The Company's financial risk management is set by the Managing Board. The Company's principal financial liabilities comprise loans and borrowings, trade payables and other payables. The main purpose of these financial liabilities is to finance the company's operations. The company's principal financial assets include trade & other receivables and cash and short term deposits.

i) Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers and other counter parties, taking into account financial conditions, current economic trends and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

(a) Provision for Expected Credit Loss

- Financial assets for which loss allowance is measured using 12 month expected credit losses:

The Company has assets where the counter-parties have sufficient capacity to meet the obligations and where the risk of default is very low.

Accordingly, no loss allowance for impairment has been recognised.

- Financial assets for which loss allowance is measured using life time expected credit losses:

The Company provides loss allowance on trade receivables using life time expected credit loss and as per simplified approach.

(b) Ageing of trade receivables

The Ageing of trade receivables is as below:

Non current loans include interest free unsecured loan of ₹ 3964 Lacs (previous year ₹ 1457 Lacs) (maximum amount outstanding at any time during the year ₹ 4164 lacs; 31 March 2017- ₹ 1457 lacs; 1st April 2016- ₹ Nil) paid to a company covered under section 189 of the Companies Act, 2013 in view of proposed amalgamation. Since the amount paid is in connection to proposed amalgamation, no terms have been specified for repayment of loans and interest. In view of likely advantage to the company on such amalgamation, granting of such loan is not prejudicial to interest of the company.

Note No. 47 : The Company has a process whereby periodically all long term contracts (including derivative contract) are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law/accounting standards for material foreseeable losses on such long term contracts (including derivative contracts) has been made in the books of accounts.

Other notes on financial statements

Note No. 48 : First Time adoption of Indian Accounting Standards (Ind AS)

These are the Company's first financial statements prepared in accordance with Ind AS.

The Company has adopted Indian Accounting Standards (Ind AS) notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. Ind AS 101-First-time Adoption of Indian Accounting Standards requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements which is for the year ended 31st March, 2018 for the company, be applied retrospectively and consistently for all financial years presented. Consequently, in preparing these Ind AS financial statements, the Company has availed certain exemptions and complied with the mandatory exceptions provided in Ind AS 101, as explained below. The resulting difference in the carrying values of the assets and liabilities as at the transition date between the Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity)."

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

i) Exemptions:

a) Property, Plant & Equipment

Ind AS 101 permits a first-time adopter to elect to measure its property, plant and equipment and intangible assets at fair value as at the date of transition to be their deemed cost. Accordingly, company has considered fair value of property, plant and equipment and intangible asset to be their deemed cost as on 1st April, 2016 with resultant impact being accounted for in retained earnings.

Other notes on financial statements

b) Leases

As per para 9AA of appendix D of Ind AS 101, if there is any land lease newly classified as finance lease then the first time adopter may recognise assets and liability at fair value on that date and any difference between those fair values is recognised in retained earnings. On the date of transition to Ind AS, the carrying amount of land lease is considered as its Fair Value.

c) Business combinations

Ind AS 101 provides the option to apply Ind AS 103 prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date.

Accordingly, the Company has elected to apply Ind AS 103 prospectively to business combinations occurring after its transition date. Business combinations occurring prior to the transition date have not been restated.

ii) Exceptions:

a) Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1st April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The company made estimates for following items in accordance with the Ind AS at the date of transition as these were not required under previous GAAP.

- Investment in equity instrument carried at fair value through profit and loss.

b) Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

iii) Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

Other notes on financial statements

iv) Notes to reconciliation of equity and total comprehensive income

a) Financial Assets at Amortized Cost

Under Indian GAAP, the Company accounted for long term investments in preference shares as investments measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Company has designated these investments as financial assets measured at amortized cost. At the date of transition to Ind AS, difference between amortized cost and the Indian GAAP carrying value has been recognized in other non current assets.

The effect of the adjustments resulted in reduction in the value of investment in Preference share by ₹ 52.78 Lacs and increase in value of other non-current assets by ₹ 52.78 Lacs on transition date.

b) Deferred Tax

Under Previous GAAP, deferred tax is calculated using the income statement approach, which focuses on differences between accounting profits and taxable profits for the period. Under Ind AS, deferred tax is accounted using the balance sheet approach, which focuses on temporary differences between the carrying amount of the assets or liabilities in the balance sheet and its tax base. The resulting changes in the amount of deferred tax is recognised in deferred tax liability on the date of transition and subsequently in Statement of Profit and loss for those items relating to Profit & loss and in other comprehensive income for those which are classified through FVTOCI.

c) Employee Benefits

Both under Indian GAAP and Ind AS, the company recognized costs related to its post employment defined benefits plan on an actuarial basis. Under Indian GAAP the entire cost including actuarial gain/loss are charged to profit or loss. Under Ind AS, remeasurements are recognized in other comprehensive income.

d) Other Equity

Retained Earnings as at 1st April 2016 has been adjusted to the above Ind AS transition adjustments. Refer 'Reconciliation of Total Equity' as at 31 March 2017 and 1st April 2016 as given above.

e) Other Comprehensive Income

Under Indian GAAP the concept of Other Comprehensive Income was not exist. Hence Indian GAAP profit or loss is reconciled to total comprehensive income.

f) Business Combination

- Amalgamation

During the financial year 2016-17, Board for Industrial and Financial Reconstruction (BIFR) had sanctioned the scheme of amalgamation of Modern Terry Towels Limited (MTTL) with the Company w.e.f. 01.01.2008. Under Previous GAAP, accounting was done as per pooling of interest method as specified in AS-14 from the date on which merger was effected. Ind AS requires business combination under common control to be accounted as per Appendix C of Ind AS 103, which prescribes pooling of interest method. Under pooling of interest method assets and liabilities are required to be carried forward at book value and prior period presented in balance sheet are to be restated considering that the merger was effective from first day of the last year presented (irrespective of the appointed date). Any difference between the share capital of the MTTL and share capital issued by the company to the shareholders of MTTL has been transferred to capital reserve. Hence, balance sheet of 1st April, 2016 has been prepared as if the merger was effective from that day.

- Demerger

During the year the Scheme of arrangement between Modern Insulators Limited ("Demerged Company" or "MIL") and Modern Polytex Limited ("Resulting Company" or "MPL") and their respective shareholders and creditors under sections 391 and 394 of the Companies Act, 1956 (Presently sections 230 to 232 of the Companies Act, 2013) for demerger of Yarn division of the Company into MPL, was approved by the Hon'ble National Company Law Tribunal, Principal Bench at New Delhi vide its order dated December 12, 2017 and scheme of arrangement has been made effective from appointed date as provided in the scheme i.e. 01.04.2011.

Pursuant to the scheme, Yarn division of MIL has been transferred to and vested in MPL. Modern Polytex Limited shall issue one equity share for every two equity shares to the shareholders of MIL i.e. 10871750 (one crore eight lakh seventy one thousand seven hundred and fifty) equity share of Rs. 10 each as fully paid up. In view of above, balance sheet of 1st April, 2016 has been prepared as if the demerger was effective from that day.

g) Sale of goods

Under Indian GAAP, sale of goods was presented as net of excise duty. However, under Ind AS, sale of goods includes excise duty. Excise duty on sale of goods is separately presented on the face of Statement of Profit and Loss

h) Statement of Cash Flows

The impact of transition from Indian GAAP to Ind AS on the Statement of cash flow is mainly due to impact of business combination from transition date and partly due to various reclassification adjustments recorded under Ind AS in balance Sheet, Statement of Profit and Loss and differences in the definition of cash and cash equivalents in Ind AS and Indian GAAP.

i) Reclassification of assets and liabilities as per schedule III division II of the Companies Act, 2013

- As per schedule III, security deposit which are financial in nature are classified as loans and other deposits are classified under other non-current/current assets respectively.
- Fixed deposits with banks with maturity greater than 12 months have been reclassified from cash and cash equivalent to other non-current financial assets.
- Capital advances have been reclassified from long term loans and advances to other non-current assets

Note No 49 : Figures for previous years have been regrouped/rearranged/restated wherever considered necessary to make them comparable with the figures for the current year and for compliance of Ind AS.
